

## Contemporary Styling

*Timber Protection - Enhances Natural Beauty*

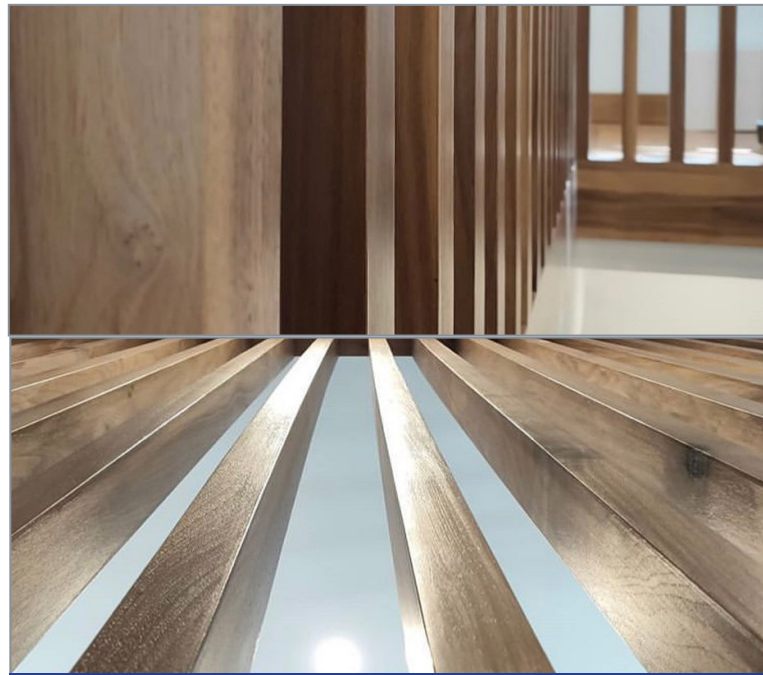

### Contemporary Styling for Balustrade & Room Divider

The architects and designers of this property wanted to protect the timber while maintaining the natural colour and look of this beautiful balustrade and room divider.

One of the requirements was that the colour and look blended with the floor to achieve their overall vision for this contemporary styling.

To achieve the desired out come they chose **WaterKote®** a non-hazardous choice. **WaterKote® SEALER** was applied as the sealer coat for the timber this was then followed by two coats of **WaterKote® 2K** Satin to finish.

Resulting in a smooth satin finish, protecting the timber, enhancing its natural beauty while completing the contemporary styling desired.
